BUT WHO CREATED ME?
SOMEBODY ANSWER ME!

GOD HAVING AN IDENTITY CRISIS

John Per Betancourt © 1978

Earth, which has seemed so large
must now be seen in its smallness.
We live in a closed system absolutely
dependent on Earth and on each
other for our lives and those of
succeeding generations. The many
things that divide us are therefore
of infinitely less importance than
the interdependence and danger
that unite us.

from the message to our 3.5 billion neighbors
on planet Earth by biologists from six countries
meeting in Menton, France, May, 1970.
